PROFESSIONAL SUMMARY

Motivated Cybersecurity Enthusiast and BS Information Technology Completed with practical experience in penetration testing, vulnerability assessment, web application security testing, and network reconnaissance. Skilled in using industry-standard tools including Nmap, Burp Suite, Open VAS, Nessus, WhatWeb, Gobuster, Dirb, Wireshark, and Kali Linux for security assessments in controlled environments.

CORE SKILLS & Tools

- Network Reconnaissance
- Information Gathering
- Open-Source Intelligence (OSINT)
- Nmap
- BurpSuite
- Nessus
- Dirb
- Sqlmap
- Open VAS(Green Bone)

CERTIFICATIONS

Certified Ethical Hacker (CEH)

Training completed in Corvit Institute Rawalpindi

Certified Ethical Hacker (CEH) Certification

EC Council

Certified Cybersecurity Educator Professional (CCEP)

Red Team Leaders

Mobile Application Penetration Testing Training

Zeroxinn Innovation Private Limited

Introduction to Critical Infrastructure

ICIP

CYBERSECURITY HANDS-ON PROJECT

Network Reconnaissance & Vulnerability Assessment

Nmap-based reconnaissance, port/service enumeration, OS fingerprinting, NSE scanning, and Wireshark traffic analysis.

OSINT & Domain Reconnaissance

Performed Google Dorking, DNS/subdomain enumeration, digital footprint mapping, and infrastructure analysis.

Vulnerability Assessment & Exploitation Lab

Assessed Windows/Linux systems and Metasploitable 2 using Nmap, Metasploit, and Kali Linux to identify and validate vulnerabilities.

Wireless Security Assessment

Conducted WPA/WPA2 security testing, handshake analysis, wireless traffic analysis, and controlled Evil Twin simulations using Aircrack-ng.

Web Application Security Testing

Tested DVWA and OWASP Juice Shop using Burp Suite, Gobuster, Dirb, and WhatWeb for vulnerabilities, exposed endpoints, and directory enumeration.

PROFESSIONAL EXPERIENCE

Hussain Academy	June 2024 – Oct 2025
Delivered Computer Science and Information Technology education while developing students' technical understanding, problem-solving abilities, and practical computing skills.	
Blue Bird Academy	January 2024 – April 2024
Provided instruction in computer-related subjects and assisted students in developing analytical and technical skills through practical learning activities.	

EDUCATION

BS Information Technology	2022 – 2026
University of the Punjab	Lahore
CGPA: 3.10 / 4.00	
HSSC	2020-2022
F.G. Quaid-e-Azam College	Rawalpindi
Percentage: 79.6%	
SSC	2019-2020
F.G. Quaid-e-Azam School	Rawalpindi
Percentage: 84.5%
